

# RMB CVRC Seminar

The Robert M. Berne Cardiovascular Research Center Presents

## **Andy Shih, PhD**

**Affiliation:** Associate Professor, Seattle Children's Research Institute & University of Washington

### **Optical Dissection of Brain Capillary Function**

My lab uses in vivo multi-photon imaging and a combination of optical and genetic approaches to study how brain capillaries are perfused. Our goal is to define cellular and molecular targets to improve cerebral blood flow during aging and disease.
