GRANTS

2008: Winner as Principal Investigator of the publicly funded grant by Regione Piemonte, Torino, Italy, for the research project entitled: Vasoreattività polmonare nei pazienti candidati a trapianto cardiaco – confronto tra nitro prussiato di sodio ed ossido nitrico (12,000 euros/24 months)
2008: Winner as Principal Investigator of the publicly funded grant by Università degli Studi di Torino, Torino, Italy, for the research project entitled: Valutazione invasiva dei pazienti con ipertensione polmonare (6,194 euros/12 months)
2008: Winner as Principal Investigator of the publicly funded grant with external peer-review by Agenzia Italiana del Farmaco (AIFA), Roma, Italy, for the research project entitled: Revisione sistematica sulla pericardite acuta non tubercolotica (25,000 euros/12 months)
2011: Winner as Principal Investigator of the privately funded by Società Cephalon, Roma, Italy, for the research project entitled: Revisione sistematica e meta-analisi sui predittori di cardiotoxicità da antracicline (20.000 euros/6 months)
2012: Winner as Principal Investigator of the publicly funded grant by Sapienza Università di Roma, Roma, Italy, with external peer-review, for the research project entitled: Boosting cardiac regeneration: breakthrough in left ventricular assist device (VAD) and autologous stem cell combined therapy (40.000 euros/12 months)
2012: Winner as Co-Investigator of the publicly funded grant by the European Union within the Framework Program 7-Health-2012-Innovation-1, with external peer-review, for the research project entitled: Interferon-beta treatment of acute respiratory distress syndrome (213,968 euros/48 months)
2013: Winner as Principal Investigator of the publicly funded grant by Sapienza Università di Roma, Roma, Italy, with external peer-review, for the research project entitled: New insights in cardiac regeneration: breakthrough in left ventricular assist device (LVAD) and autologous stem cell combined therapy (22.946,04 euros/12 months)
2015: Winner as Principal Investigator of the publicly funded grant by Sapienza Università di Roma, Roma, Italy, with external peer-review, for the research project entitled: Investigating the role of beta-adrenergic-receptor signaling pathways on the biology of human resident cardiac progenitor cells isolated as cardiospheres (38,000 euros/12 months)

- 2015: Winner as Co-Investigator of the publicly funded grant by European Union within the Horizon 2020 framework, with external peer-review, for the research project entitled: A EUropean study on effectiveness and sustainability of current Cardiac Rehabilitation programmes in the Elderly (EU-CaRE) (361,635 euros/36 months)
- 2019: Winner as Co-Investigator of the publicly funded grant by the Italian Ministry of Research within the Progetti di Ricerca di Interesse Nazionale-PRIN framework, with external peer-review, for the research project entitled: Hypercapnic respiratory failure: the role of lung dialysis to change the natural history of chronic obstructive pulmonary disease (788,160 euros/36 months)

AWARDS

- 1998: Winner of scholarship from European Union within Socrates/Erasmus Program
- 1999: Winner of Premio Assicurazioni Generali, Trieste, Italy, for academic excellence
- 2002: Winner of the Young Investigator Award of the Società Italiana di Cardiologia, Roma, Italy
- 2003: Co-author of finalist manuscript at Young Investigator Award session of the American College of Cardiology Scientific Sessions, Chicago, IL, USA
- 2003: Co-author of winning manuscript at Young Investigator Award session of the Società Italiana di Cardiologia Invasiva-Gruppo Italiano Studio Emodinamica, Milano, Italy
