

RMB CVRC Seminar

The Robert M. Berne Cardiovascular Research Center Presents

Shaodong Guo, PhD

Affiliation: Professor, Presidential Impact Fellow, Department of Nutrition, Texas A&M University

The forkhead transcription FoxO1 signaling in health and disease.

The topic will cover the complex regulatory mechanisms of Foxo1 by multiple hormones, such as insulin, estrogen, and glucagon, which reveals the mechanism of insulin resistance for type 2 diabetes and aging-associated chronic diseases.
