The Robert M. Berne Cardiovascular Research Center Presents

Thomas Andrew Qvistgaard Jepps, PhD, FBPhS

Affiliation: Associate Professor, University of Copenhagen
Department of Biomedical Sciences

Targeting the microtubule network to treat hypertension

This talk will focus on the role of the microtubule network in vascular smooth muscle and how it can regulate vascular tone. This work has revealed how targeting the microtubule network may represent a potential therapeutic target in the treatment of hypertension.

Thursday March 13, 2025
11:00 AM-12:00 PM
MR5 Room 3005

****Refreshments served****
