

Robert M. Berne CVRC Seminar

The Robert M. Berne Cardiovascular Research Center Presents

Nick Leeper, M.D.

Affiliation:

Professor of Medicine & Surgery, Director of Vascular Research, and Chief of Vascular Medicine, Stanford University Medical Center, CA

The role of cancer in cardiovascular disease

This lecture will provide an overview of the bi-directional relationship between cancer and cardiovascular disease. Topics will include a summary of the epidemiological overlap, shared biological mechanisms, and emerging data suggesting potential causal relationships. Concepts related to potential therapeutic targets will be described.

**Thursday February 12, 2026
11:00 AM-12:00 PM
