

Robert M. Berne CVRC Seminar

The Robert M. Berne Cardiovascular Research Center Presents

Julie Freed, MD, PhD

Affiliation:

Senior Associate Dean
Director, Clinical & Translational Science Institute
Executive Vice Chair & Associate Professor of Anesthesiology
Medical College of Wisconsin

Translational Tales of the Human Microvasculature

This presentation will provide an overview of the translational projects being conducted in the Freed laboratory with particular focus on the importance of studying the microvasculature, mechanisms of human microvascular dysfunction, and strategies in which to increase resilience to microvascular stress and prevent future cardiovascular disease.

**Thursday April 9, 2026
11:00 AM-12:00 PM
MR5 3005**

****Refreshments served****
